VERAE TIME x ZAPIER

Sample Zapier app (metered zapier API)

[site/packages/zappier/zapier-app/README.md](https://zapier.georgelambert.org/packages/zappier/zapier-app/README.md)

Sample Zapier Platform app (zappier-edge)

Minimal Zapier app that stores data/files through the **metered** zappier HTTPS API. This is a **sample**, not the Verae timestamp app ([verae-zapier-app](#)).

Catalog: <https://zapier.georgelambert.org/packages/zappier/zapier-app/README.pdf>

Parent: <https://zapier.georgelambert.org/packages/zappier/README.pdf>

```
cd packages/zappier/zapier-app  
npm test
```

Point the app at the public zappier-edge base URL and an `x-api-key` from `/portal`.
